

PROCEEDINGS OF THE LEGISLATURE

Considerable Activity and Few
Important Measures Passed.

\$1,000 FOR THE SOLDIERS' HOME

Baseball Bill Ordered Engrossed—Sabbath Desecrations Must Stop—Another Bill For Local Option Counties—Sen. McCreary's Printing Bill.

Tallahassee, May 10.—Senate convened at 10 a. m. yesterday.

A joint resolution was introduced by Senator Faulkner, proposing an amendment to the constitution, relating to criminal prosecutions.

The only bill introduced in its regular order was by Senator Canova, providing for the return of the prota tax paid by liquor dealers in counties, which have voted dry during the period for which such licenses were granted.

Senator Canova's baseball bill being in the regular order, there was a lively discussion, and amendments introduced to stop fishing, hunting and carriage riding on Sundays, all of which were lost.

Senator Adams offered an amendment opposing all classes of Sabbath desecration, which was passed 18 to 12, and the bill ordered engrossed. When returned it will be passed to third reading.

Senators Crowe's bill relative to carrying firearms was ordered engrossed. House Bill No. 82, regarding payment to Marion county for rent of armory caused much discussion. After discussion pro and con, Senator Blount moved that further consideration be postponed, and general bill drafted to cover all counties.

Senate Bill No. 33, by Mr. Trammell, was put on its second reading.

The rules were waived and House bill No. 186, to provide for a game and fish warden and to define his duties, was passed.

The amendment of the charter of Pensacola was passed.

On motion of Senator Baskin the bill incorporating the town of Reddick, Marion county, was passed.

By Senator McCreary—To amend act providing for the publication of acts of the Legislature in newspapers in each county. Read third time and passed unanimously.

Senator Humphries introduced a bill to make it a violation of law to attempt to purchase intoxicating liquors in a dry county.

In the House.

Tallahassee, May 10.—The House convened at usual hour.

Bills were introduced as follows:

Mr. Rosborough—For the relief of Alachua county.

Mr. Crawford—Designating election of certain county officers.

Mr. Campbell—Joint resolution proposing amendments to the constitution changing the declaration of rights in regard to the trial of felonies.

Mr. Williams—Relating to the larceny of hogs.

Mr. Avery—Regulating appellate proceedings and practices.

Committee appointed to visit Old Soldiers' and Sailors' Home at Jacksonville, reported and recommended appropriation of \$1,000.

The bill of Mr. Wall, commonly known as the Regents' bill, came up on a special order. Mr. Buckman introduced a bill as a substitute for both at this juncture providing for the abolishment of the State Normal School at DeFuniak, Florida State College at Tallahassee, University of Florida at Lake City, East Florida Seminary at Gainesville, South Florida Military College at Bartow, and the removal of the Deaf, Dumb and Blind School at St. Augustine, and the establishment of a State University and Female Seminary. On motion of Mr. Wall all three of the bills were ordered recommitted.

Mr. Rosborough's bill to regulate and define the duties, liabilities and rights of master and servant, after a warm debate, was defeated, 38 to 12.

House Bill No. 279, by Mr. Watson of Ocala, relating to qualification of students of State institutions, and Mr. Avery's bill relating to life insurance companies making discriminations in favor of individuals of the same class and expectation of life in the payment of premiums, were advanced to third reading.

Mr. Crawford's bill providing for the settlement of Wall's claim, carrying a provision for the issuance by the controller of two warrants of \$12,500 each, one payable to Colonel S. L. Wall and the other payable to Mrs. L. B. Beard,

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

was read with an amendment making the warrants for \$12,500 each.

An amendment was offered by Mr. Jewell of Orange to the effect that if the warrants were not accepted within six months after the passage of this act, the appropriation of \$25,000 should revert back to the treasury.

The amendments were adopted, and the bill was ordered engrossed. House adjourned.

NEW K. OF P. LODGE.

Mount Vernon and Archer Lodges Will Institute Lodge at Williston.

There will soon be another lodge of the Knights of Pythias in this section which will be located at Williston.

Grand Prelate L. C. Lynch, Grand Lodge of Florida, has been commissioned as District Grand Chancellor for this occasion, and with the assistance of members from Mount Vernon Lodge and the Archer Lodge, will institute the new lodge at Williston within the next few days, possibly Tuesday night.

The team from Mount Vernon Lodge enjoys a reputation as being one of the finest and most impressive in the State. The members have the ritual of the order down to a fine point and perform their work in a most impressive manner. The Archer Lodge has also some fine team artists and it is needless to add that the Williston Lodge will be instituted in proper shape.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

State Bread Bag.

A traveler says that a curious weakness of grownup Moors is the love of eating newly baked bread. The cald of Asemmoor, in Morocco, discovered that old bread was thrown away as waste. To waste food is a serious offense in the eyes of a Moslem. The cald of Asemmoor therefore issued a bylaw prohibiting the baking of bread upon one day in each week. The citizens, he declared, must eat up the bread already baked, and he fixed Wednesday as the "bitalah," or holiday.

The Longest Novel.

The "Story of the Eight Dogs" is the longest novel that has ever been published. Fortunately, perhaps, it is written in Japanese, so no one will set himself the task of reading it. It contains 106 volumes, several hundred characters and numerous dogs, all of which are successfully disposed of by the time the last chapter is reached. Just imagine reading through that one book that would last a lifetime!

True Heroism.

The hero fears not that if he withhold the avowal of a just and brave act it will go unwitnessed and unloved. One knows it—himself—and is pledged by it to sweetness of peace and to nobleness of aim, which will prove in the end a better proclamation of it than the relating of the incident.—Emerson.

ORIENTAL COURTESY.

An Incident in Which Miss Anna Dickinson Figured.

Miss Anna Dickinson traveled everywhere independently and saw human nature in all of its lairs. Writing to a woman friend once, she described a reception given by wealthy Chinamen in a restaurant kept by Chi Lung in San Francisco, and she was the guest of honor. She said that she saw a servant coming toward her with a box divided into many compartments, with different kinds of nuts and candies in the smaller trays. She picked out half a dozen or more and laid them on the arm of the chair, which served as a table. As the attendant passed on to others she saw that each took only one houbon, and she was much embarrassed.

But when the servant approached the chief Chinaman, the one who had originated the reception, he took a large handful, and those after him did the same, and then Miss Dickinson felt relieved. She wrote:

"After I learned that I must have shocked all of those educated, cultured Chinamen as much as you or I should have been shocked if we had invited a Chinaman whom we respected to dine with us and he had taken a whole fried chicken and torn it limb from limb at our table. In such an event would you or I have had the tact and courtesy to have taken other chickens and thus dismembered them?"

RUSSIAN WOMEN.

The Many Restrictions to Which They Are Now Subjected.

It is difficult for an American to understand that freedom as we know it does not exist in Russia. There the legal position of woman is far from satisfactory. She hardly ever belongs to herself, but is always under the tutelage of some one.

As a daughter the Russian woman is under the entire control of her parents. Her coming of age does not alter her position. She simply changes the authority of her parents for the no less rigid authority of her husband. As the Russian statute puts it, "One person cannot reasonably be expected to fully satisfy two such unlimited powers as that of husband and parent."

The unlimited power of the parent is withdrawn and that of the husband substituted. She cannot leave her lord even to visit a neighboring town without a "pass" from him. He names the time she is permitted to stay, and at the end of that time she is bound to return to get the pass renewed.

A husband may appear in a court of law as a witness against his wife, but a wife is not allowed to appear against her husband. A woman's evidence in Russia is always regarded as of less weight than that of a man.—Harper's Weekly.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

Words of Violence.

"Words of violence nearly always begin with 'sp,'" said a poet. "How do you mean?" "I mean that words of violence like spunk begin with the same two letters, s and p. For example, besides spunk, a clear word of violence, we have the sp beginning for such words as spurt, split, spring, splutter, spasm, speed, spill, spin, splinter, spurn, spar, spun, spike, spat, and so on."—Philadelphia Bulletin.

Willie's Anguish.

"Say, ma," asked little Willie after he had been in conjunction with the paternal slipper, "did anybody besides pa ever ask you to be his wife?" "Oh, yes. I had lots of proposals before your father came along."

"Well, do you think you gained anything by waiting?"

As He Saw It.

Miss Ritchie—I lost my heart last night, pa. I accepted Mr. Poore. Mr. Ritchie—H'm! You didn't lose your heart—you must have lost your head!

Wanted a Change.

She—Why did that brilliant woman marry such a stupid man? He—Because her first husband was a genius. —Detroit Free Press.

GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**
